
Extra Care

What is Extra Care?

Extra Care is a housing option which allows older people to live as independently as possible with the reassurance of support with personal care on site as needed. Extra Care refers to the care and support available on site 24/7 for people who meet the criteria for an Extra Care service.

It offers:

- high quality accommodation
- access to on-site communal facilities
- care staff on site 24 hours a day, 7 days week.

You can access our [Extra Care factsheet](#) here.

Some of our Extra Care schemes include housing specifically designed for people with dementia which provide specialist care in a community setting.

To live in Extra Care a person will need to have an assessment and be eligible for care. They must also be assessed as eligible for some financial support towards the cost of care.

You can see all of our [Extra Care housing schemes](#) here.

What support can a person get?

The focus is on supporting independence, promoting reablement and enabling you to remain as active as possible. Care staff can offer support with personal care based on individual need such as:

- help with washing, dressing and getting to and from the toilet
- reminders to take medication
- preparing snacks and heating up meals
- shopping
- laundry

- some domestic tasks.

On site staff are not nurses and cannot change dressings or catheters or give medication.

How much does Extra Care cost?

There are three parts to the cost of living in a Extra Care care scheme:

- cost of housing, payable to the housing provider - the cost of buying, renting or shared ownership of your home
- service charge, payable to the housing provider - for home maintenance and communal facilities
- care and support costs, payable to Nottinghamshire County Council

Care and support costs will vary depending on needs. The amount required to contribute to the cost of care will depend on a person's individual circumstances. A financial assessment to work out exactly how much someone can afford to pay, see our paying for [care page](#) public webpage for more detail.
