Stage One

Direct Payment Personal Assistant Flow Chart

Stage Two

Direct Payment Personal Assistant Flow Chart

DP Recipient to ensure all the paper work is completed and returned to DPSS or ACFS.

Prepaid card

DP Recipient will require to follow the instruction provided to set up the [Pre-Paid Card](#).

Separate bank account DP Recipient to provide account detail when ACFS write to request these details.

Employed PA

When pay slips are received from the DPSS provider, the DP Recipient will need to pay the amount itemised for the monthly wage to the PA. In line with agreed support hours specified in the support plan.

Self Employed PA

DP Recipient will need to pay invoices received from PA, inline with agreed support hours specified in the support plan.

Assessed contributions will need to be paid into the DP account (Pre-paid card, separate bank account or TPMA) by standing order either weekly or monthly. Failure of this will result in a short fall of the account balance.

Payments Setup

ACFS receive alert regarding Direct Payment commissioning.

If Pre paid card was the selected method this will be posted to the DP Recipients address to set up with instructions included.

If separate bank account was selected ACFS will write to the DP Recipient to request bank details.

For TPMA, ACFS ensure payments are made to bank details provided by DPSS provider.

ACFS will release payments in accordance with the [NCC PayCylce](#).

SW/CCO to advise of assessed contribution and if there is any top to pay towards the Direct Payment. If there has been an agreed top- up SW/CCO will require to complete '[Top up Agreement](#)' and upload to Mosaic.

SW/CCO requires to check all fields required in the conversation and support plan step are complete and send through to SPT for commissioning.

SPT complete requested commissioning step, set up ongoing care package provisions, input information on Mosaic.

This then Alerts ACFS to proceed with set up of selected method of payments.

SW/CCO also alerted of Notification of care package completed.
