

Home Based Care Amendment – End Care Package

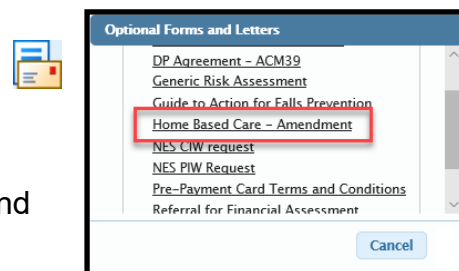

This process relates to packages with Lead and Additional Providers only - for Spot and DPS providers please follow the existing processes.

*** As per current arrangements you may contact the current Home Based Care provider to inform them that the service is no longer required. However, you must complete the below process in order to commission the change. ***

You can only end Home Based Care from a “**Review – Community Based Services**”.

Start the Review – Community Based Services

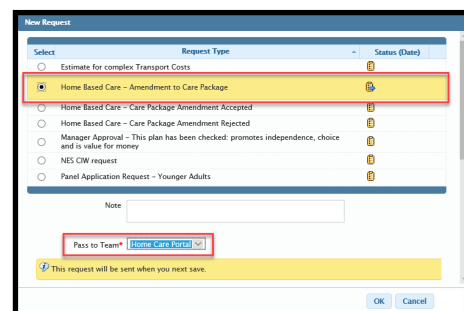

- 1) Within the Review step click on **Forms and Letters**
- 2) Select **Home Based Care - Amendment**
- 3) Complete the Home Based Care amendment form and select **End of Care Package**

Reason for amendment to package

☐ Increase in care package
 ☐ Decrease in care package
 ☒ End of care package

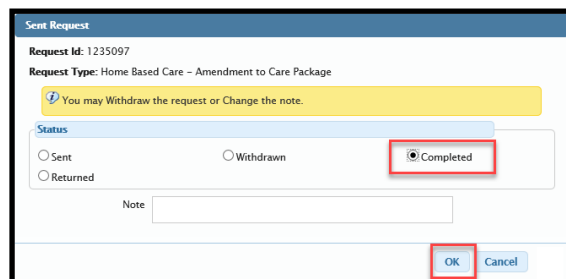

- 4) Click the **Requests** icon on the Mosaic toolbar 
- 5) Select **Home Based Care - Amendment to Care Package**
- 6) Choose **Home Care Portal** from the **Pass to Team** drop down list
- 7) Click on **OK**
- 8) Click on **Save** in the Mosaic toolbar 
- 9) Click on **Close** to exit the step 
- 10) Click **Yes** to save the changes

You will receive an email notifying you that the care package amendment has been accepted, and the request will be returned to your team "incoming requests" folder

Acknowledge amendment response from the provider

- 1) Click the Actions button  for **Home Based Care—Amendment to Care Package** in your team **Incoming Requests** Folder
- 2) Click **Resume Work**
- 3) Click on the request icon  and then click **Home Based Care – Amendment to Care Package**
- 4) Click on **Completed**
- 5) Click on **OK**

You now need to finish your Support Plan - the 'cease service date' should be entered on the support plan and the costs should be removed from the 'cost per week' (otherwise costs continue to pull through to the budget). If you wish details of the package to remain on the support plan you can put the cost in the 'description' column.

Finish the Review Step

- 1) Click on **Next actions form**
- 2) Click **Add**
- 3) Select **Adjust support package following review - inc Home Care** from the list
- 4) Select **Pass to team** - Select specific DIT Team as appropriate
- 5) Click **Add and Close**
- 6) Click **Finish**  on the Mosaic toolbar
