Dear Craig Clarke

7 April 2026

Your Financial Assessment – Yearly Update

We have reviewed your financial assessment following the yearly increases to pensions and benefits.

From 6 April 2026, the most you will be asked to pay towards your care and support per week will be £65.39. If your actual care costs are lower than this, you will only pay the cost of the care you receive.

The new amount will show on the invoice we will send to you around 06 May 2026. If you pay by Direct Debit, changes to the amount we deduct from your bank account will be made automatically so you do not need to do anything

If you have any questions, please do contact us on 0115 9775760 (option 3), or you can call the Customer Services Centre on 0300 500 8080.

Yours sincerely
