

Accessible taxi companies

Many taxi companies now operate vehicles capable of transporting wheelchair-using, or mobility impaired, passengers.

Wheelchair-using passengers are assisted into the vehicle by the driver, using a lift or a ramp at the rear of the vehicle, with some newer taxis featuring side loading. The wheelchair is usually secured using a type of belt and clip combination, or wheel locks.

Below is a list of accessible taxi companies in Nottinghamshire. It can be sorted by name or district.
