

Mosaic Support: Mosaic Process for completing the ACM33

Group Manager Process

Once a worker has completed an ACM33 they will send it through to an ACM33 Finance Worker who will check it to ensure it has the correct detail. If it doesn't they will return it to the worker explaining what needs to be added.

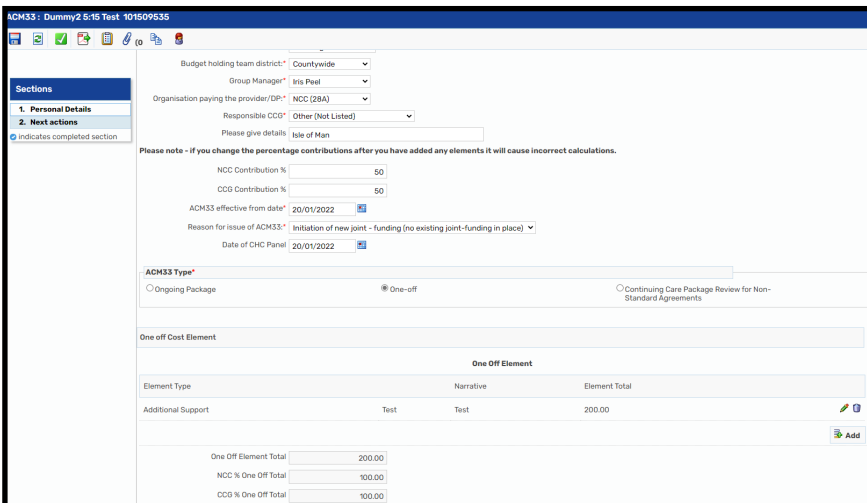

The screenshot shows the 'Current work' section with a table of incoming requests. The first request is from 'Dummy2' with the title '2. Request Group Manager Authorisation: ACM33'. A context menu is open over this request, showing options 'Resume work' and 'Assign'. The second request is from 'Dorothy Test (101516682)' with the title '2. Request Group Manager Authorisation: ACM33'.

Once the details are correct the Finance Worker will send a 'Request' through to the appropriate Group Manager.

When you receive an ACM33 authorisation request it will come into your 'Incoming Requests' folder.

To view and authorise the ACM33:-

- Click the clipboard. 
- Click 'Resume work' to open the ACM33 step.

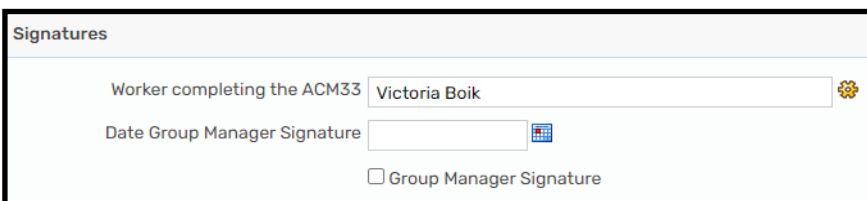

The screenshot shows the 'ACM33: Dummy2 5:15 Test 101509535' form. The 'Personal Details' section is active, showing fields for 'Budget holding team district' (Countywide), 'Group Manager' (Iris Peel), 'Organisation paying the provider/DP' (NCC (28A)), and 'Responsible CDO' (Other (Not Listed)). It also includes a 'Please give details' section for 'NCC Contribution %' (50), 'CCG Contribution %' (50), 'ACM33 effective from date' (20/01/2022), 'Reason for issue of ACM33' (Initiation of new joint - funding (no existing joint-funding in place)), and 'Date of CHC Panel' (20/01/2022). The 'ACM33 Type' section shows 'One-off' selected. Below this is a table for 'One off Cost Element' with columns for 'Element Type', 'Narrative', and 'Element Total'. The table contains one row for 'Additional Support' with a value of 200.00. Summary totals at the bottom show 'One Off Element Total' (200.00), 'NCC % One Off Total' (100.00), and 'CCG % One Off Total' (100.00).

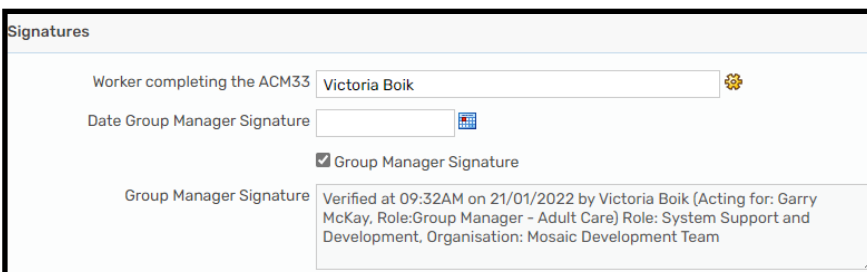

Check the details in the form. Once checked

- Click the 'Group Manager Signature' checkbox.

This will add your electronic signature to the ACM33 form showing the date, time, your worker role and team information.

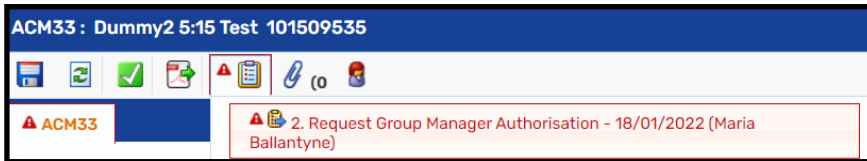

The screenshot shows the 'Signatures' section of the ACM33 form. It includes a 'Worker completing the ACM33' field with the name 'Victoria Boik'. Below this is a 'Date Group Manager Signature' field. At the bottom, there is a checkbox labeled 'Group Manager Signature' which is currently unchecked.

This screenshot shows the 'Signatures' section with the 'Group Manager Signature' checkbox checked. The 'Worker completing the ACM33' field still shows 'Victoria Boik'. The 'Date Group Manager Signature' field is empty. Below the checkbox, the 'Group Manager Signature' field is populated with the text: 'Verified at 09:32AM on 21/01/2022 by Victoria Boik (Acting for: Garry McKay, Role: Group Manager - Adult Care) Role: System Support and Development, Organisation: Mosaic Development Team'.

Completing the Authorisation Request and notifying Business Support

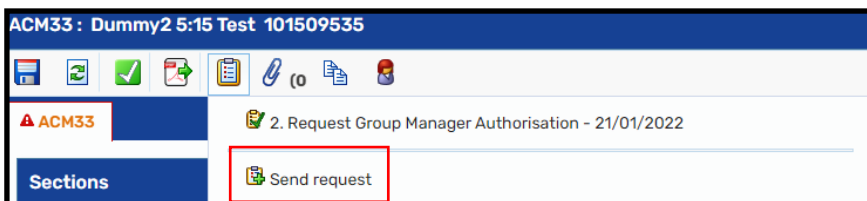

Once you have authorised the ACM33 the Request Group Manager Authorisation request needs to be completed and Business Support notified so they can export the form and send it to the relevant CCG.

ACM33 : Dummy2 5:15 Test 101509535
