

Receiving an Update Message from AMHP, DP Team, MASH—Adults and TEC Team

The Update Message step allows the AMHP, DP Team, MASH—Adults and TEC Team to send notification to any worker or team if they have information to pass on.

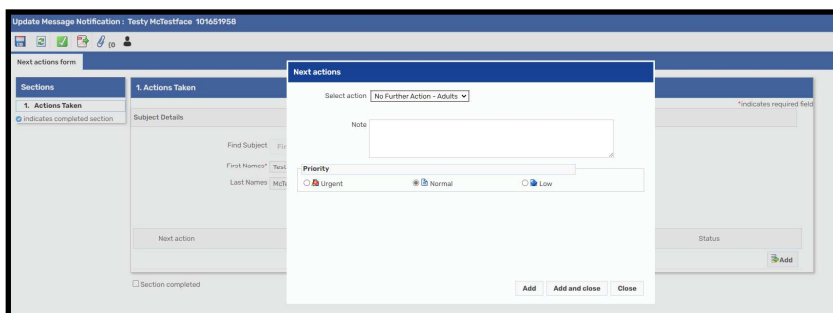

Receiving an Update Message

- An update message can be sent to an individual or a Team so may appear in either the Team Incoming work folder or the individuals Incoming work folder depending on whether the sender has chosen to send it to an involved worker or a team
- Start the Update Message Notification step

- A READ ONLY copy of the update form will open in the Update Message step

- Once you have read the Update Message go to the Next actions section
- Click Add
- Choose No Further Action
- Add and close
- Finish the step by clicking the green tick
