- waterproof floor coverings in the kitchen and bathroom
- state of the art warden aided technology.

Amenities

Excellent bus service with a bus stop close by • Major supermarkets and Worksop town centre a short distance away • Markets held in Worksop town centre three times a week • Worksop Library, Savoy Cinema, Priory Church, Clumber Park and Sherwood Forest.

Eligibility

To be considered for one of the 27 Extra Care apartments you will need to be assessed by Nottinghamshire County Council as being eligible for social care support and requiring Extra Care accommodation.

Why consider Extra Care?

There are many advantages to Housing with Extra Care:

- you will have your own flat and your own tenancy with support available when you need it
- one and two bedroomed flats available for single person or couples
- shared gardens and communal areas, laundry room, communal library, assisted bathing facility, a guest room for visitors, scooter store and charging facilities (allocated on a first come first served basis)
- secure door entry system
- you will have an assured tenancy which means you have certain rights under housing law as a tenant. (After a successful 12 months of rental)
- you have the option to socialise in the communal areas with other residents and join in with activities
- you can enjoy having friends and family visit you in the comfort of your own home with the option to spend the night in the guest bedroom with a double bed
- the scheme provides a supportive environment to promote independent living.

What care is available?

Extra Care offers a supportive environment, allowing you to live an independent life within your own self-contained flat, with the reassurance of care and support from a team of care staff who are on site 24 hours a day but you must be able to manage on your own for parts of the day and be able to live as independently as possible.

Every tenant has a support plan, which is written with their involvement and, if they wish, their families. The support plan explains the help and support they need.

The sort of care provided could include:

- help with washing, dressing, getting to and from the toilet
- reminders and assistance to take medication
- preparing snacks and heating up meals
- shopping and laundry
- some domestic tasks.

Staff are not nurses and cannot carry out any nursing tasks. This can be facilitated by district nurses team where possible.

How much does it cost?

You should be given clear information about what you can expect to pay. In addition to the care costs, you will have to pay your housing costs including rent, Council Tax, and everyday living costs, such as food, heating and lighting. The housing provider will normally discuss your tenancy and assist you in making any claim for Housing Benefit/Council Tax reduction which you may be entitled to.

It is likely that you may be charged for the care element of your Housing with Care, based on your financial circumstances.

We will complete a financial assessment to work out exactly how much you can afford to pay. If you have savings of more than £23,250 in savings and investments, you would not be eligible for an Extra Care flat in housing with care accommodation, but you may be able to apply for a tenancy from the housing provider and fund your own care independently if you need care.
