

Mosaic Support: Mosaic Process for completing the ACM33

To ensure that all ACM33's are in one place for Business Support a 'Dummy Worker' has been created

ACM33 Worker Business Support

This worker sits in the Business Support Team in Mosaic and the relevant worker's will have a 'Can Act For' to access the incoming work

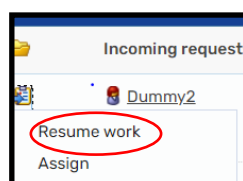

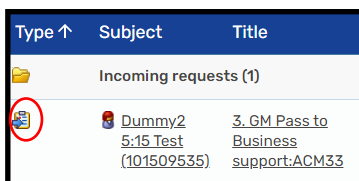

To 'Act For' the ACM33 Worker Business Support

- Click on the 'Icon with the arrow pointing to the right
- Select ACM33 Worker Business Support from the drop down

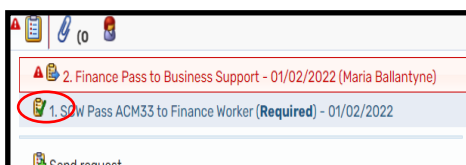

In the 'Current work' folder there will be 'Incoming requests'

- Click on the 'Icon' to the left
- Select 'Resume work' from the drop down

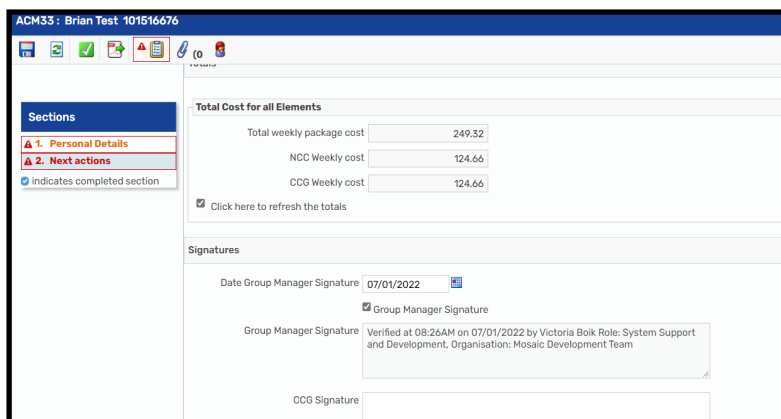

When you 'Click' on Resume Work—this will open the ACM33 form in Mosaic

Please do a quick check to see if the ACM33 has been passed to the ACM33 Finance worker

If it has you will see that the request has been sent and completed by the 'green tick' If the form hasn't been sent to Finance first you would need to send the 'Request' 1, SCW Pass ACM33 to Finance so that it can be checked by them before it goes to a GM

Checking for Group Manager Signature

Scroll down the form to check that there is a Group Manager 'Verification' in the Group Manager signature box.

If not this will have to be returned to the Group manager for them to add their signature

Returning a request back to the Group Manager if there is no signature in the form

Click on the Clipboard Icon

Click on the red 3. Pass to Business Support request

Select the 'Returned' button and add a note requesting the Group Manager Signature is completed.

Then Click 'Ok'

When there is a Group Manager signature Click on the Red Clipboard Icon

Click on the red 3. GM Pass to Business support 'Request'

Select the completed button

Then Click 'Ok'

Then the ACM33 form will need to be exported to PDF—this is done by selecting the PDF Icon

Verification Information for PDF

It is really important that when exporting to PDF you **'Tick'** the **'Verification Information'** checkbox as this displays the Group Manager Signature in the PDF version

Incorrect Verification Information checkbox has not been 'ticked'

Incorrect as there is no Group Manager Signature

Correct—both the Group Manager Signature and the verification Information checkboxes have been selected

When the Group Manager has signed off the ACM33 workers need to be informed that they can now send the Care and Support Plan to DIT. This is done by sending the Request 4. Response from Group Manager back to the worker who completed the ACM33 initially. The worker name can be found above the Group Managers name.

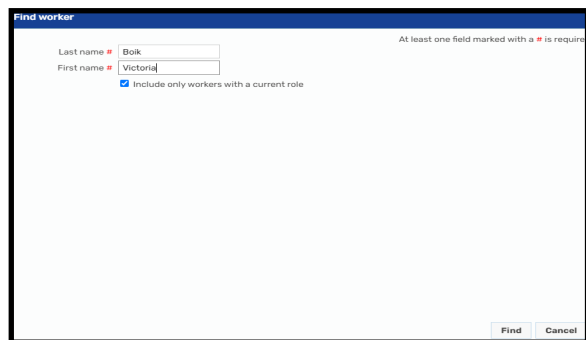

(The worker's name who has sent the ACM33 can be found above the Group Manager's signature in the form)

Sending a notification back to the worker that the ACM33 has been signed off by the Group Manager

- Click on the 'Clipboard' Icon
- Select 'Send request' from the dropdown

- Click on the 4. Response from Group Manager Request
- Click 'Find' this will open a new screen for you to search for the worker.

Business Support ACM33—Mosaic Process

Find worker

At least one field marked with a * is required

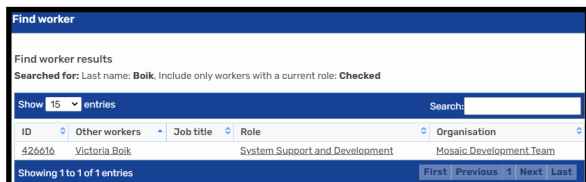

Last name * Boik

First name * Victoria

☒ Include only workers with a current role

Find Cancel

- Put the worker's name in the fields
- Click 'Find'

Find worker results

Searched for: Last name: Boik, Include only workers with a current role: Checked

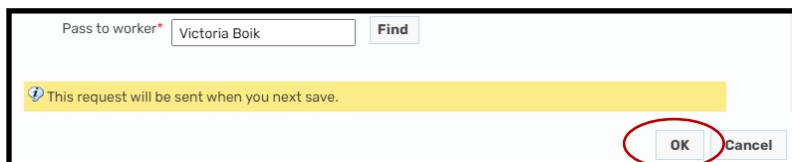

Show 15 entries

ID	Other workers	Job title	Role	Organisation
426616	Victoria Boik	System Support and Development		Mosaic Development Team

Showing 1 to 1 of 1 entries

First Previous 1 Next Last

- Select the worker's name and this will populate into the field then Click OK

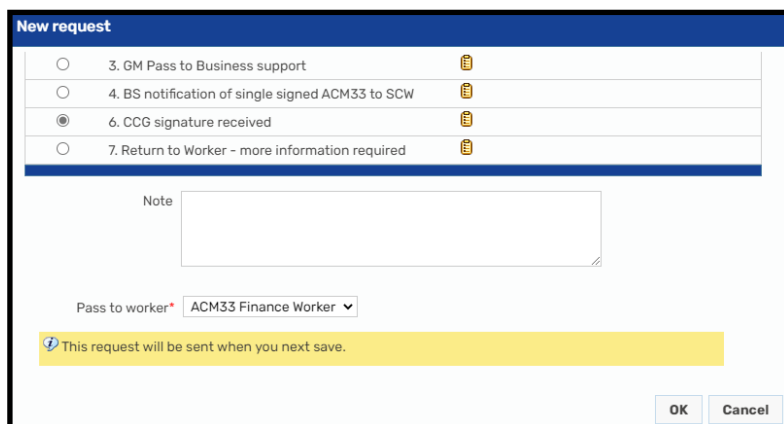

Pass to worker * Victoria Boik Find

 This request will be sent when you next save.

OK Cancel

When the CCG has return the dual signed copy of the ACM33 a 'Request' will need to be sent to the ACM33 Finance worker to update them. This is done as described above but the request is 6. CCG signature received and can only be sent to the ACM33 Finance worker so selected from the dropdown list rather than searching for the worker .

New request

☐ 3. GM Pass to Business support

☐ 4. BS notification of single signed ACM33 to SCW

☒ 6. CCG signature received

☐ 7. Return to Worker - more information required

Note

Pass to worker * ACM33 Finance Worker

 This request will be sent when you next save.

OK Cancel

When the ACM33 Finance Worker receives the request they will 'Finish' the ACM33 Mosaic step
