

New Process – For Sourcing a Personal Assistant (PA) as part of Hospital Discharge or Missing Support Pathways

1. Referral

comes through to relevant Team (hospital Discharge / Transformation / QMM) for request to source support for a Service User.

2. It is confirmed that a PA is a possible support option

3. PAs listed on Notts Help Yourself PA directory considered in the first option.

Where this not successful PAs with a DBS check who have confirmed capacity on separate [SharePoint spreadsheet](#) contacted

4. PA(s) identified who has capacity and is able to meet the needs

5. Package to be commissioned on Mosaic

following the instructions below depending on what pathway is applicable form the following 3 options:

Pathway A	Pathway B	Pathway C
The Service User • already has a Direct Payment • currently employing other PA's 1. DP Calculator Completed Putting in new / additional PA's hours (keeping all Existing DPSS package in place. Inserting start date of new PAs (DPQO's can support with Calculator where required) (continued below)	The Service User • already has a Direct Payment • uses this for an <u>agency</u> only and does <u>not</u> currently employ PA's 1. DP Calculator Completed Putting in new / additional PA's hours (keeping all Existing DPSS package in place. Inserting start date of new PAs (DPQO's can support with Calculator where required) (continued below)	The Service User either • currently receives support through a <u>managed service</u> - OR • they do <u>not</u> currently have a Support Package in place. 1. Discussion need to be had with the Service User to determine how DP money will be managed. (option of pre-paid card, separate DP bank account, Third Party Managed Account TPMA) (continued below)

Pathway A	Pathway B	Pathway C
2. Support Plan Updated The Individual's support plan is updated to reflect the new costs from the DP Calculator. 3. New DP Agreement is <u>NOT</u> Required (as long there is one already within mosaic Documents / Attachments.) unless there has been a change to Authorised / Nominated person 4. Advise Service User to Add New PAs to their Payroll Run and create contracts for the new PA(s) 5. Package Sent through to Data Input Team (DIT) for commissioning.	2. Support Plan Updated The Individual's support plan is updated to reflect the new costs from the DP Calculator. 3. New DP Agreement is <u>NOT</u> Required (as long there is one already within mosaic Documents / Attachments.) unless there has been a change to Authorised / Nominated person. 4. Employer Liability Insurance is set up for the Individual (if immediate start is required will need to do this via Mark Bates Ltd / Fish Insurance Directly through SAP as set up as a vendor to enable insurance to be in place from day one. 5. Referral to Direct Payment Support Service (DPSS) to provide Payroll support and to obtain service costs. (DPSS will set up contracts and payroll paperwork) 6. Package sent through to Data Input Team (DIT) for commissioning.	2. The Operational Worker needs to go through the DP Agreement over the phone to confirm understanding, filling in the electronic version on Mosaic, 3. The worker to print off DP agreement sign it and send to Service User for signing and returning. Where a DPSS is being used for a TPMA they also need to sign as Nominated Person. 4. Service User to Print Off Form If the Service User can print off the form they do sign it and scan it back on to return it. If not they can photograph signature section and return or if this is not possible, they can write on and sign, date and print on a separate piece of paper that they agree to all of the terms within the DP agreement, photograph this and return to the worker. (this will be accepted by DIT at this time in order to commission the package. A full DP agreement should be uploaded at a later date.) 5. Employer Liability Insurance is set up for the individual (if immediate start is required will need to do this via Mark Bates Ltd / Fish Insurance Directly through SAP as set up as a vendor to enable insurance to be in place from day one. (continued below)
