Mosaic Basics

Searching for a person in Mosaic

1. When in the Narrow work view use shortcut key Ctrl+Shift +T to open navigation bar
2. Arrow down to find person and select
3. Use shortcut key Ctrl+M to read list of fields
4. Select the episode required In the FIND PERSON pop up (referred to as Modal), you can enter the search criteria by which you want to find a person. You can search by one field or a combination of fields but at least one field marked with a # is required. (Shortcut Key Insert+B will read field names and announce compulsory sections hen highlighted)
5. Once search information is input into the required fields use: Ctrl+Alt+F to move to the Find button and press select
6. If the correct service is found during search use select. If not use Ctrl+Alt+F to move to Find again or cancel buttons

Opening and Moving tabs in multiple form steps

1. To open a new step use shortcut key Ctrl+Alt+S and arrow down to Start and click
