Action	Screen View
Transfer of Care Hub Decision The step will be placed in the team Incoming Work as a new step to be completed by D2A workers. Start the Transfer of Care Hub Decision step from the team Incoming work folder or from the Current work field on the person's summary page. If you are going back into the step after having worked on it, open it from your Incomplete work or from the Current work field on the person's summary page. Within the step there is one Form: - D2A Transfer of care Hub Decision D2A Transfer of Care Hub Decision. Within this form there are three sections: - Person details - Transfer of Care Hub discussion and decisions - Next actions Section 1 – Person details. This section is prepopulated but can be overwritten if required.	 

Section 2 – Transfer of Care Hub discussion and decisions.

Record of Transfer of Care Hub meeting - 1.

Worker name. This is prepopulated but can be amended if necessary.

Date of meeting. Enter date.

Time of meeting. Select AM or PM from drop down list.

Please record a summary of the discussion and decisions made at the Transfer of Care Hub meeting. Consider if there is a reason to doubt the person's capacity to consent to a discharge destination, and record this here.

Enter the recording of the discussions and actions into the text box.

This should contain the recording of the senior team member who attended the Transfer of Care Hub meeting - usually a Social Worker or Senior Practitioner.

Pathway decided at Transfer of Care Hub. Select one of the following from the dropdown list:

- 0: Discharges home or to a usual place of residence with no new or additional health and/or social care needs.
- 1: Discharges home or to a usual place of residence with new or additional health and/or social care needs.
- 2: Discharges to a community bed-based setting which has dedicated recovery support. New or additional health and/or social care and support is required in the short term to help the person recover in a community bed-based setting before they are ready to either live independently at home or receive longer term or ongoing care and support.
- 2a: Discharge to a Pathway 2 setting for the purpose of rehabilitation/recovery before an assessment of the person's health and care needs.

2. Transfer of Care Hub discussion and decisions

Record of Transfer of Care Hub meeting - 1

Worker name

Date of meeting

Time of meeting

Please record a summary of the discussion and decisions made at the Transfer of Care Hub meeting. Consider if there is a reason to doubt the person's capacity to consent to a discharge destination, and record this here.

Unable to make a decision - returned to referrer for more information

Unable to make a decision - allocated to D2A worker for more information

Action	Screen View
• 2b: Discharge to a Pathway 2 setting for the purpose of immediate assessment of the person's health and care needs. • 3: Discharges to a new residential or nursing home setting, for people who are considered likely to need long term residential or nursing home care. Should be used only in exceptional circumstances. Ordinarily used when a person is eligible for a DST assessment for consideration of Continuing Healthcare funding (CHC). • Unable to make a decision – returned to referrer for more information • Unable to make a decision – allocated to D2A worker for more information **Note that the Next Action to this step will depend on what actions are required from the D2A team to progress discharge. Please consult local process guidance to determine the most appropriate Next Action for each scenario. Usually these will be the following: • Pathway 0: Next Action will be NFA. • Pathway 0: restarts must be recorded as pathway 0 but will have the same next action as a Pathway 1. • Pathway 1: Next Action will be D2A Progress of Transfer of Care Hub Decisions. • Pathways 2-3: Next Action will be Further Conversation. • Pathway 3 could also NFA. If you select either Unable to make a decision – returned to referrer for more information or Unable to make a decision – allocated to D2A worker for more information, you will need to complete a new summary of triage meeting to record the outcome (0-3). If you select Pathway 1, you will be prompted to answer the following question: Is this person 'Non weight bearing'? Select Yes or No.	 The screenshot shows a software interface with a dropdown menu labeled 'Pathway decided at' which has the value '1' selected. Below this is a question: 'Is this person "Non weight bearing"?' with two radio button options: 'Yes' (which is selected) and 'No'.

Action	Screen View
To create a new summary of triage meeting, select Insert Section. Complete the new Record of triage meeting as before, with the new date and time, updated recording of the discussions and the Pathway decision from the dropdown list. Additional Recordings can be created, moved, or deleted as required.	 
Does the person need a new short term home care service? Select Yes or No. This should only be selected for new people. If Yes is selected, you need to respond to the following questions: Has a provider made an offer during the TOC Hub triage? Select one of the following: • MIS Reablement • Home First Response Service • No Offer • Community Health Start date and time offered at TOC by this provider (will not appear if No Offer is selected). Enter date and time using the date picker. Select one or more of the visit schedules: • AM visit • Lunchtime visit • Teatime visit • PM visit Number of carers required. Select 1 or 2 from the dropdown list. Any further details. Enter details in the text box.	     

Action	Screen View
Do we need to restart the person's existing care and support arrangements? Select Yes or No. If Yes is selected, you need to respond to the following question: Restart the person's existing care and support. Any further details. Enter details in text box	
Do we need to increase the person's existing care and support arrangements? Select Yes or No. If Yes is selected, you need to respond to the following questions: **Note that you need to record the TOTAL package of what is needed now, and not what the additional need is. Increase the person's existing care and support. Detail of increase the person's existing care and support arrangements? Enter details in text box. Please record the number of calls per day. Select one or more of the following: • AM visit • Lunchtime visit • Teatime visit • PM visit Number of carers required. Select 1 or 2 from the dropdown list.	
Do we need to set up Technology Enabled Care? Select Yes or No. If Yes is selected, you need to respond to the following questions: Assistive technology (Including keysafe).	

Action	Screen View
There are links to the following guidance: - Assistive Technology Risks and solutions - Technology Enabled Care Resources - TEC: 24 Hour Response Service Does the person need Technology Enabled Care? Select one or both of the following: - Assistive technology 24 hours response service Number of carers required. Select 1 or 2 from the dropdown list. Any further details. Enter details in text box.	   
Any other actions. Select Yes or No. If Yes is selected, you need to respond to the following question. Other actions. Summarise details. Enter in text box.	 

Section 3 – Next actions.

There are three possible next actions:

- D2A Progress of Transfer of Care Hub Decisions
- Further Conversation required
- NFA

****Note that the Next Action to this step will depend on what actions are required from the D2A team to progress discharge. Please consult local process guidance to determine the most appropriate Next Action for each scenario. Usually these will be the following:**

- Pathway 0: Next Action will be NFA.
- Pathway 1: Next Action will be D2A Actions.
- Pathways 2-3: Next Action will be Further Conversation.

If you select either Further Conversation required or D2A Progress of Transfer of Care Hub Decision, select Send Immediately. This step will be created when you save and close the Record of TOC Hub Triage step.

Assign to a worker or team
Add any notes.
Click on Add and Close.

Do NOT finish the step until the person is discharged from hospital or the D2A referral has been cancelled/withdrawn.

If you select NFA, you will need to select a reason (mandatory). Select one of the following:

- No services required
- Patient has been discharged with a non social care pathway
- Person has declined services
- Person has died
- Referral sent in error

The screenshot shows the 'Next actions' dropdown menu. The 'Select action' field is set to '-- Please select --'. The dropdown list is open, showing three options: 'D2A Progress of Transfer of Care Hub decisions', 'Further Conversation required', and 'NFA'. A 'Note' field is visible next to the dropdown.

The screenshot shows the 'Next actions' form. The 'Select action' field is set to 'D2A Progress of Transfer of Care Hub decisions'. Below it, the 'Send Immediately?' checkbox is checked.

The screenshot shows the '3. Next actions' table. The table has columns: Next action, Assigned to, Reason, Note, Priority, and Status. The first row shows 'D2A Progress of Transfer of Care Hub decisions' assigned to 'Debbie Mellors' with a status of 'Proposed (Send on Save)'. There is an 'Add' button at the bottom right.

The screenshot shows the 'Next actions' form. The 'Select action' field is set to 'NFA'. The 'Reason*' dropdown is open, showing options: 'Abandoned', 'No services required', 'Patient has been discharged with a non social care pathway', 'Person has declined services', 'Person has died', and 'Referral sent in error'. The 'Priority' section shows 'Urgent' selected.

Action	Screen View
A new Transfer of Care Hub Decision step will be started if the same person is discharged on a future date. Once fully completed, click on Green Tick (finish) to end the step
